We are committed to ensuring the security and protection of the personal information that we process, and to provide a compliant and consistent approach to data protection, which complies with existing law and to meet the demands of the GDPR and laws of the destinations in which we operate.

Our preparation and objectives for GDPR compliance include the implementation of updated data protection policies, procedures, controls and measures to ensure ongoing compliance, to include:

- Stringent policies for protecting this data through encryption and control over access.
- Erasing any personal guest information (ie travel documents / rooming lists), once it is no longer required (either by law or for the benefit of the individual).
- Bolstering the mechanisms we have in place for obtaining consent for any personal information we record and store, and providing procedures to allow for this consent to be withdrawn at any time.

### Data Subject Rights
